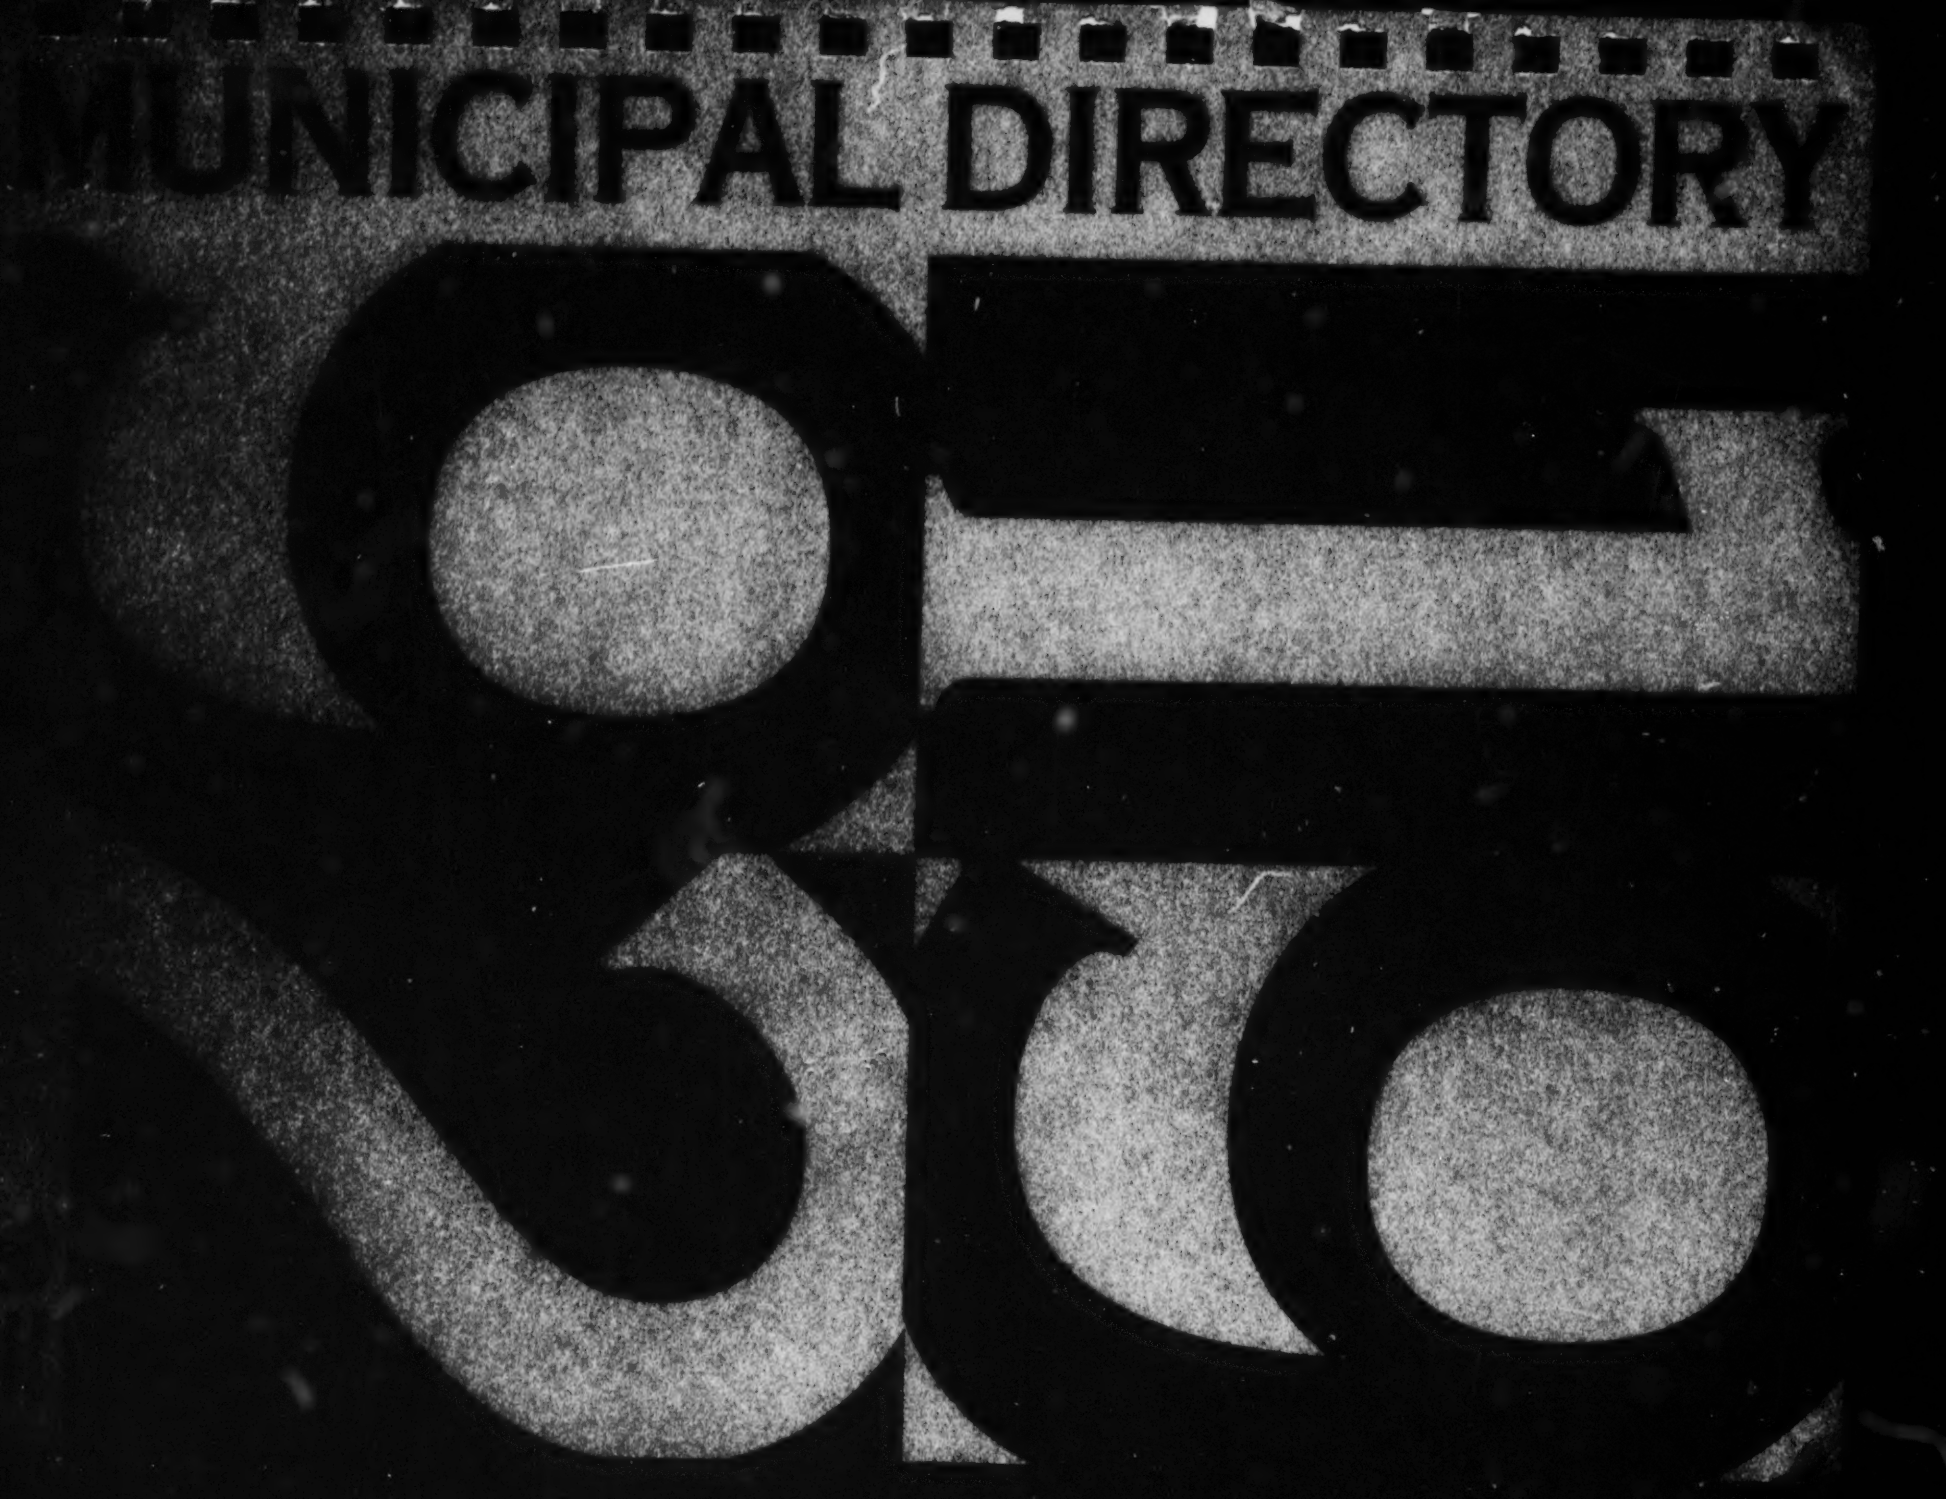
MUNICIPAL DIRECTORY



Minister's Message

I am pleased to present the 1992 Municipal Directory.

The Ministry of Municipal Affairs is committed to providing the people of Ontario with current and thorough information about elected representatives and appointed officials. One example of our continued dedication to providing comprehensive information is the addition of electoral district maps.

I believe that the ministry's efforts will continue to make the Municipal Directory an excellent resource for all who use the publication.

I wish you all the best in 1992.

Sincerely,

Dave Cooke

Minister
M.P.P., Windsor-Riverside

INTRODUCTION

1992 brings several new features to the Municipal Directory.

First, you will find that the listing of municipalities has been redesigned to fit a column format for quicker reference.

Also, you will notice that we have used the following graphic symbols throughout the directory to identify the following services or map references:

Specifies which reference map to use to locate the municipalities listed in that particular region, county or district.

Indicates library services.

Indicates police services.

Finally, we've added electoral district maps showing the 130 provincial ridings. This feature allows you to quickly locate the electoral riding of each of Ontario's 831 municipalities.

These changes and additions will provide you with the most thorough and current information about Ontario's municipal representatives and appointed officials.

When using this Directory, the following should be noted regarding:

Assessment Information

Taxable assessment data is no longer included as local taxable assessments are not comparable between municipalities. In the past this has led to misleading inter-municipal comparisons. Information concerning municipal assessments may be obtained from the Information Management Branch, Ministry of Municipal Affairs, or from your area or regional assessment office.

Telephone Numbers

Telephone numbers shown are the public numbers for a municipal office where they exist; in other cases, they are that of the Clerk or Clerk-Treasurer.

Population Data

Population data refers to persons residing in a municipality on a permanent basis. The criteria used to determine permanency relate to the definition of "residence" and similar references to a person as set out in The Municipal Elections Act and The Elections Act. The 1991 enumerated population includes residents of institutions such as long-stay mental health centres, penitentiaries, training schools and Canadian Forces bases. Cottage populations have not been included unless the cottages have been converted for full-time occupancy purposes. Residents of jails, short-stay general hospitals and Indian Reservations have not been included. The 1991 population totals have been taken from enumeration reports completed by the Ministry of Revenue in the spring/summer of 1991 and are considered to be verifiable and comparable across Ontario. Because enumerations are conducted in municipal election years, these enumerated population figures will not change again until 1994.

Number of Households

This term refers either to a `single dwelling unit - or a portion of a building which is a domestic establishment - consisting of two or more rooms in which the occupants usually eat, sleep and prepare meals'. Household data is assembled from the most recent enumeration for municipal elections and includes non-military and military households.

Area in Hectares

Hectare figures are provided by the Information Management Branch, Ministry of Municipal Affairs, and are considered to be verifiable and comparable across Ontario.

Hectare data includes annexations occurring on or before January 1, 1992.

1 acre = 0.4046856 hectares

1 hectare = 2.471054 acres

Additional Information

On page III you will find a quick reference to other government information sources. For more information about the programs or activities of these ministries, contact staff at the numbers that have been provided.

Municipal Associations

Municipal associations interested in being included in the Directory should contact the Program Services Branch of the Ministry of Municipal Affairs.

We welcome your comments and suggestions.

GLOSSARY

Municipality is an area whose inhabitants are incorporated and whose powers, except in the case of an improvement district, are exercised by a council elected by the electors of the municipality.

Local Municipality means a city, town, village, or township.

Area Municipality is a local municipality within a regional municipality, the Municipality of Metropolitan Toronto, the District Municipality of Muskoka, or the County of Oxford.

Improvement District is a municipality established in previously unsettled or sparsely settled areas without municipal organization where a new resource industry was located and municipal government was required immediately. Its powers are exercised by a board of trustees appointed by the Government of Ontario.

Separated Town is a town which is separated for municipal purposes from the county in which it is located and therefore has no representation on county council.

Police Village is a settlement within a township municipality whose electors elect three trustees to exercise certain statutory powers. It is not a municipality, but remains part of the township for municipal purposes.

County is a municipality which is a federation of the towns, villages, and townships within its boundaries. Each of the participating local municipalities in the county has an elected council, and designated members of all of these councils combine to form the county council. Cities, except the City of Sarnia and separated towns, even though geographically part of the county, do not participate in the county political system.

County geographical boundaries are used for judicial and a number of administrative purposes.

Regional Municipality is a municipality created by a special act of the Ontario legislature and is a federation of all the area municipalities within its boundaries. Each of the area municipalities in the region has an elected council, and in most cases designated members of all of these councils combine to form the regional council.
In other cases regional councillors are directly elected. The regional councils are responsible for regional-scale functions such as land-use planning, social services, major roads, and trunk sewer and water systems. The area councils are responsible for community services such as recreation, libraries, local roads, and garbage collection.

Regional boundaries are used for judicial and a number of administrative purposes.

Territorial Districts are divisions of that part of Ontario which does not have county or regional organization. Every district contains a number of local municipalities, but with the exception of Muskoka does not serve any municipal purpose. The district boundaries are used for judicial and a number of administrative purposes.

Electoral District is an area of Ontario whose composition and boundaries are described in the Representation Act currently in effect. The electoral districts for all municipalities are shown on a separate set of maps at the back of this publication and represent those in effect at the time this publication was produced.

Mayor is the head of a city, town, or area municipal council, or local council in the County of Lambton and is elected by the electors of the entire municipality for a three-year term.

Reeve is the head of a township or village council and is elected by the electors of the entire municipality for a three-year term. The reeve is also the member of a town council who represents the town on the county council.

Warden is the head of a county council and is elected from among the council members for a one-year term by the council.

Regional Chair is the head of a regional council and is elected to hold office for the term of council by the council. The chair may be elected from among the members of regional council, from outside the council, or by the general vote of the electors of all the area municipalities in the region.

Chief Administrative Officer is the senior staff member of a municipality. Many municipal councils have appointed such a person, usually called the 'CAO' or some variation such as 'manager' or 'clerk-administrator'.

Clerk is the member of staff whose major duties are to record all resolutions, decisions, and other proceedings of the council and to keep its books, records, accounts, and other documents. Every council is required to appoint a clerk.

Treasurer is the member of staff whose major duties are to receive and keep all money of the municipality, to issue cheques on behalf of the council, and to prepare the financial statements. Every council is required to appoint a treasurer.

Road Superintendent is the member of staff who is responsible for administering and managing the municipal road system under the direction of the council or, in the case of a county, of the county road committee.

Chief Building Official is the member of staff who is responsible for enforcing the provisions of the Ontario Building Code and of any by-laws which the council may pass to govern the construction and use of buildings within the municipality.

AREAS WITHOUT MUNICIPAL ORGANIZATION

Unorganized Territory means that part of Ontario without municipal organization. In practice the term is generally used to describe those parts of the territorial districts which have no municipal organization of any kind.

Local Services Boards are legally constituted bodies of members elected to act on behalf of the residents of an unorganized community (a community with no municipal structure under the Municipal Act) to ensure that basic services such as water supply, fire protection, sewage disposal, street lighting, garbage collection, or recreational programs are provided on a continuing basis.

INDEX TO MUNICIPALITIES

P.V. = Police Village

CHANGES IN STATUS, NAMES AND DISSOLUTIONS FOR 1991

For a comprehensive listing of all changes in status, amalgamations, annexations and a reference list of former municipalities in 1991, please refer to our free bulletin entitled Changes In Status and Boundaries of Ontario Municipalities. Copies can be obtained by contacting Publications Ontario, 880 Bay Street, Toronto, Ontario M7A 1N8, telephone: 416-326-5300.

Questions regarding boundary changes, former municipalities and communities within geographic townships should be directed to the Municipal Boundaries Branch, Ministry of Municipal Affairs, 11th Floor, 777 Bay Street, Toronto, Ontario, M5G 2E5, telephone: 416-585-7276.

Inquiries regarding geographic names should be directed to Michael Smart, Manager of the Geographic Names Section, Office of the Surveyor General, Ministry of Natural Resources, 90 Sheppard Avenue East, Toronto, Ontario, M2N 3A1, telephone: 416-314-1278.

CHANGES IN STATUS

MUNICIPALITY	FROM	TO	EFFECTIVE DATE

DISSOLUTIONS

MUNICIPALITY	EFFECTIVE DATE
Florence, Police Village	January 1, 1991
Inwood, Police Village	January 1, 1991
Williamsburgh, Police Village	November 30, 1991

ONTARIO MUNICIPAL BOARD

The Ontario Municipal Board is an independent administrative tribunal which hears applications/appeals on municipal and planning matters. These include: zoning by-laws, subdivision plans, official plans, consents and minor variances under the Planning Act; assessment appeals under the Assessment Act; land compensation matters under the Expropriations Act; municipal capital expenditures and debentures under the Municipal Act; appeals under the Rental Housing Protection Act; and other legislation.

The Board was established by, and derives some of its authority from, the Ontario Municipal Board Act. Further information can be obtained by contacting the Information Office, 180 Dundas St. W., Toronto, M5G 1E5, telephone: 416-598-2266.
